COWICHAN VALLEY REGIONAL DISTRICT

ZONING BYLAW NO. 3520

A Bylaw to establish zones and regulate the use of land, water, buildings and structures within Electoral Area A (Mill Bay/Malahat) and Electoral Area C (Cobble Hill) of the Cowichan Valley Regional District

WHEREAS the Division 7 of Part 26 of the *Local Government Act* of the Province of British Columbia authorizes a local government to enact bylaws, which divides land including the surfaces of water into zones and which establish other regulations for the use and development of land in each zone;

AND WHEREAS the Cowichan Valley Regional District Board of Directors considers it to be in the public interest to:

- a. Pursuant to Section 903 of the *Local Government Act*, regulate the use of land, buildings and other structures within Electoral Area A (Mill Bay/Malahat) and Electoral Area C (Cobble Hill);
- b. Pursuant to Section 903 of the *Local Government Act*, regulate the density of the use of land, buildings and other structures, and the siting, size and dimensions of buildings and other structures and the uses that are permitted on the land;
- c. Pursuant to Section 903 of the *Local Government Act*, regulate the shape, dimension and area, including the establishment of minimum and maximum sizes of all parcels of land that may be created by subdivision;
- d. Pursuant to Section 904 of the *Local Government Act*, establish different density regulations for certain zones, one generally applicable for the zone and the other or others to apply if conditions related to amenities are met;
- e. Pursuant to Section 906 of the *Local Government Act*, regulate the provision of off-street parking and loading spaces;
- f. Pursuant to Section 907 of the *Local Government Act*, regulate the maximum percentage of the area of land that can be covered by impermeable material;
- g. Pursuant to Section 909 of the *Local Government Act*, set standards for and regulate the provision of screening and landscaping to mask or separate certain land uses; and
- h. Pursuant to Section 946 of the *Local Government Act*, establish minimum parcel sizes for parcels that may be subdivided under that Section;

AND WHEREAS persons who deem their interest in property affected by this Bylaw have, before the passage thereof, been afforded an opportunity to be heard on the matters contained herein, in accordance with the requirement of the *Local Government Act*;

NOW THEREFORE the Board of Directors of the Cowichan Valley Regional District, in open and public meeting assembled, enacts as follows:

1.1 Title

This Bylaw may be cited for all purposes as “CVRD South Cowichan Zoning Bylaw No. 3520, 2012”.

1.2 Application

This Bylaw applies to all lands, including the surface of water, and all uses, buildings and structures located within the boundaries of Electoral Area A – Mill Bay/Malahat and Electoral Area C – Cobble Hill of the Cowichan Valley Regional District, as shown on Schedule “A”, the Zoning Map, which is attached to and forms part of this Bylaw.

1.3 Severability

If for any reason, any section, subsection, sentence, clause, phrase, portion or schedule of this Bylaw is held to be invalid by the decision of any court of competent jurisdiction, it shall not affect the validity of the remaining parts of this Bylaw or the validity of this Bylaw as a whole.

1.4 Repeal of Previous Bylaws

1. Mill Bay/Malahat Zoning Bylaw No. 2000, 1999, and all amendments thereto, which applies to Electoral Area A – Mill Bay/Malahat, are hereby repealed.
2. Cobble Hill Zoning Bylaw No. 1405, 1992, and all amendments thereto, which applies to Electoral Area C – Cobble Hill, are hereby repealed.

2.1 Conformity and Compliance

1. No person shall use, occupy, subdivide or permit any person to use, occupy or subdivide any land, building or other structure in contravention of this Bylaw.
2. Land that is subject to this Bylaw must not be used, and such land must not be subdivided, and buildings and structures on such land must not be constructed, altered, or sited except in accordance with this Bylaw.
3. Every use of land, building and structure permitted in each zone shall conform to all the regulations of the applicable zone and all other regulations of this Bylaw.
4. Nothing contained within this Bylaw shall relieve any person from the responsibility to apply for and obtain any other permit or approval, and to comply with any other statute, regulation or bylaw, including the approvals, statutes and regulations of a senior government applicable to a use, activity or other matter regulated under this Bylaw.
5. No land may be subdivided, no building, structure, land or water surface may be used and no building or structure may be sited in a manner which renders any existing use, building or structure on the same parcel non-conforming with respect the provisions of this Bylaw, unless another regulation in this Bylaw specifically permits it.

2.2 Prohibitions

1. Any use of land, or of a building or structure not expressly permitted in Part 4 of this Bylaw, or in the regulations applicable to a specific zone under this Bylaw, is prohibited.
2. Lawful non-conforming uses of land, buildings and structures, as well as buildings and structures that are lawfully non-conforming as to their siting, size or dimensions are governed by Section 911 of the *Local Government Act*.

2.3 Enforcement

1. The Administrator, and a Bylaw Enforcement Official, may enter any parcel, building or premises at all reasonable times, and in accordance with Section 314.1 of the *Local Government Act*, ascertain whether the regulations of this Bylaw are being obeyed.
2. A Bylaw Enforcement Official or other such person that may be appointed by the Board may enforce this Bylaw.

2.4 Violation

1. Any person who:
 - a. violates any provision of this Bylaw;
 - b. causes or permits any act or thing to be done in contravention or violation of any provision of this Bylaw;
 - c. neglects to do or refrains from doing any act or thing which is required to be done by any provisions of this Bylaw;
 - d. carries out, causes or permits to be carried out any development in a manner prohibited by or contrary to this Bylaw;

- e. fails to comply with an order, direction or notice given under this Bylaw; or
- f. prevents or obstructs or attempts to prevent or obstruct the authorised entry of the Administrator, or a Bylaw Enforcement Official;

commits an offence against this Bylaw and is liable to the penalties imposed under this Bylaw.

2. Each day's continuance of an offence under Section 2.4.1 constitutes a new and distinct offence.

2.5 Penalty

Any person who contravenes any provision of this Bylaw commits an offence punishable upon summary conviction and is liable to a fine not exceeding \$2,000, or the current maximum fine and penalty prescribed under the *Offence Act*, whichever is the highest, for each offence.

2.6 Covenants Against Building, Subdivision or Use

Where under this Bylaw an owner of land or a building is required or authorized to grant a covenant restricting subdivision, strata plan registration, use or development of land, the covenant must be granted to the Cowichan Valley Regional District and registered pursuant to Section 219 of the *Land Title Act* in priority to all financial charges, and under the terms of the covenant the owner must indemnify the Cowichan Valley Regional District for any fees or expenses the CVRD may incur as a result of a breach of the covenant by the owner.

2.7 Application

Except as otherwise specified in this Bylaw, all provisions of Parts Two, Three, Four, Five, Six and Seven apply to all zones established under this Bylaw.

2.8 Bylaw Amendments

1. Any application for amendment to this bylaw is subject to:
 - a. the provisions of the *Local Government Act*; and
 - b. the requirements of Cowichan Valley Regional District Development Application Procedures and Fees Bylaw No. 3275, as amended, or replaced.

- e. Utilities, excluding offices, maintenance garages and storage areas;
- f. Uses, works, buildings and structures accessory to a principal permitted use, provided they are located on the same parcel or within the same strata plan as the principal use;
- g. Temporary siting of a mobile home or recreational vehicle, for the property owner, while a permitted dwelling is being constructed, subject to the requirements of Section 4.6 of this Bylaw;
- h. Temporary buildings, structures or storage of materials, for a maximum of one year, required for an approved construction project on the same parcel provided such temporary buildings, structures, and/or storage areas are removed within 30 days of the completion of the project;
- i. Residential shelter operated by a non-profit society or licensed or operated by a Municipal, Regional, Provincial or Federal Agency;
- j. Railways.

4.2 Uses Prohibited in all Zones

1. Any use not expressly permitted in this Bylaw is prohibited in every zone, and where a particular use is expressly permitted in one zone, such use is prohibited in every zone where it is not expressly permitted.
2. The following uses are prohibited in all zones, unless explicitly permitted elsewhere in this Bylaw:
 - a. The use of a houseboat, float home or float camp for temporary or permanent residential use;
 - b. The use of a recreational vehicle for permanent, full time residential occupancy;
 - c. The parking of more than one commercial or industrial vehicle with a GVW in excess of 5000 kg, except on a parcel zoned for a commercial or industrial use;
 - d. The keeping of more than 5 cats or dogs that are over 4 months of age on a parcel, except in zones where a kennel is permitted;
 - e. Storage of any wastes or contaminated soils, if the wastes or contaminated soils did not originate on the same parcel;
 - f. Treatment of any wastes or contaminated soils on any parcel other than that upon which the contamination arose;
 - g. Gaming and gambling establishments, other than charity gaming;
 - h. The storage, collection or accumulation of all or part of any automobile wreck or all or part of any motor vehicle which is not validly registered and licensed in accordance with the *Motor Vehicle Act*, or capable of motivation under its own power;
 - i. Storage of portable containers, other than during a construction project with an active building permit; and
 - j. Keeping of roosters in any zone that does not permit Agriculture or Limited agriculture;

4.3 Determination of Residential Density if a Parcel is in Two or More Zones

The permitted maximum residential density on a parcel that is partially in two or more zones will in all cases be determined by the zone with the highest permitted residential density.

4.4 Height Limit Exceptions

a. *Unlimited Height*

Notwithstanding other height restrictions in this Bylaw, the following parts of buildings and structures may be of an unlimited height: agricultural building; belfry; chimney; dome; drive-in theatre screen; elevator tower; flag pole; grain elevator; industrial crane; lighting pole; monument; radio; television or telecommunications antenna; religious facility spire; silo; theatre scenery loft; smoke stack; stadium bleacher and light standard; stair tower and tank.

b. *Limited Height*

Notwithstanding other height restrictions in this bylaw, the following parts of buildings and structures are permitted to be not more than 1.5 metres above the height limit specified in the zone within which the parcel is located: solar panels and wind turbines.

c. *Roof Height of Overheight Structure*

Where one or more parts of a building or structure specified in Section 4.4(a) and (b) are located on top of a building, the total area occupied by all such parts shall not exceed 10% of the horizontal plane of the roof area as seen from any direction.

4.5 Accessory Buildings and Structures

For zones within which accessory buildings and structures are permitted, the following general regulations apply:

1. No accessory building or structure shall be situated on a parcel unless the principal building, to which the accessory building is incidental, has already been erected or will be erected simultaneously with the accessory building on the same parcel, with the exception of one accessory building or structure not exceeding 25 m² of gross floor area, used only for storage purposes.
2. Notwithstanding Section 4.5.1, an accessory building may be situated on a parcel contiguous to a parcel on which the principal building is situated, provided the owners of both parcels agree to have registered on the title a covenant in favour of the CVRD stating that the parcel with the accessory building will not be sold independently of the adjacent parcel with the dwelling, unless the accessory building is firstly removed.
3. No part of an accessory building shall be used as a dwelling unit or sleeping unit, except as otherwise provided for in this Bylaw.
4. Except in accordance with Section 4.5.2, an accessory building shall be located on the same parcel as the principal building or use.
5. One greenhouse, not exceeding 25 m² in floor area shall be permitted on a parcel where a residential use is permitted, as an accessory residential structure. Greenhouses exceeding 25 m² in floor area are deemed to be agricultural buildings, and are permitted

only in zones where agriculture is listed as a permitted use and shall comply with the relevant agricultural building setbacks from parcel lines.

6. A garage or carport attached to a principal building is deemed to be a part of the principal building and is not an accessory building.

4.6 Camping or Occupying an Existing Dwelling During New House Construction

1. An owner of a parcel of land may occupy a mobile home or recreational vehicle (RV) as a temporary dwelling on the parcel while in the process of constructing a permanent dwelling on the same parcel, provided that the following conditions are met:
 - a. the period of RV occupancy shall not extend beyond twelve (12) months from its commencement;
 - b. The RV occupancy shall not commence until a building permit has been issued for the construction of a principal dwelling on the parcel, nor shall the RV be occupied after occupancy of the newly constructed principal dwelling has begun;
 - c. Sewage shall be disposed of at approved off-site sani-dump locations, or if it is disposed of on-site, in a location and manner that is permitted by the jurisdiction having authority;
 - d. The RV parking space shall be no closer than 4.5 metres to any parcel line.
2. Despite a restriction under this Bylaw on the number of dwellings permitted on a parcel, an owner of a parcel which already has an existing dwelling located on it, while in the process of constructing a new principal dwelling on the same parcel, may continue to occupy the existing dwelling during construction of the new principal dwelling, provided that the following conditions are met:
 - a. the owner of the parcel agrees to and enters into a restrictive covenant in favour of the CVRD pursuant to Section 219 of the *Land Title Act* to the effect that the owner undertakes to remove the existing dwelling or render it uninhabitable to the satisfaction of the Building Inspector following the granting of the certificate of occupancy for the new principal dwelling;
 - b. the covenant also specifies that an irrevocable letter of credit or other security satisfactory to the CVRD in the amount of \$5000 be issued in favour of the CVRD by the owner, to be forfeited to the CVRD in the event that the other terms of the covenant are not complied with, in which case the CVRD shall use the \$5000 to offset any costs of legal action to obtain compliance;
 - c. that the actions required under Section 4.6.2.a must be completed within a maximum time period of 2 years from the date of issuance of the building permit to completion and occupancy of the new principal dwelling, and that this time period be specified in the covenant.

4.7 Use of Common Property in a Strata Plan

Land comprising the common property in a strata plan may be used for purposes accessory and customarily incidental to permitted principal uses on the strata lots within the same strata plan. For the purposes of accessory buildings that may be constructed on common property, the same setbacks, building height, parcel coverage and other building standards apply as apply to strata lots in the same zone.

4.8 Farm Animals in Residential Zones

Other than zones in which “agriculture” is a permitted use, the keeping of farm animals is only permitted on a residential parcel under this Bylaw if “limited agriculture” is a permitted use in the zone, and in accordance with Section 4.14: Limited Agriculture Regulation.

4.9 Number of Dwellings Permitted Per Parcel

For all zones under this Bylaw, the maximum permitted residential density is specified within each zone.

4.10 Home – Based Business Regulations

For zones in which home-based business is a permitted use, all of the following regulations apply:

1. The home-based business use shall only be conducted within a dwelling unit or within a wholly enclosed permitted accessory building;
2. The home-based business use shall be clearly subservient and incidental to the use of the dwelling unit for residential purposes and to the residential use of the parcel upon which the dwelling is located, and further, and the gross floor area of buildings used for the home-based business shall not exceed the gross floor area of the residence;
3. There shall be no variation from a primarily residential appearance of the land and premises where the home-based business is located;
4. The home-based business use shall not produce any hazard, offensive odour, noise, dust, smoke, glare, toxic or noxious matter, contaminated site, heat, electrical interference, fire hazard, litter, additional waste, floodlighting, vibration, excessive customer or service traffic, or create a nuisance of any kind;
5. The home-based business use shall have no external display or advertisement other than a maximum of one non-illuminated sign, which shall not exceed 0.4 m² in area;
6. The home-based business use shall not involve exterior storage of any material or equipment used directly or indirectly in the processing, servicing or sale of any product;
7. The maximum floor area per parcel used for home-based business use, including office space, storage, processing or sales, shall not exceed the figures shown in the following table:

Parcel Area	Electoral Area A	Electoral Area C
1 hectare or less	100 m ²	90 m ²
>1 hectare	200 m ²	

8. The home-based business use shall only be conducted by person who is a full-time resident on the parcel.
9. The home-based business shall not employ persons who do not reside on the parcel other than in accordance with the following table:

Parcel Area	Electoral Area A	Electoral Area C
≤1 hectare	1 non-resident employee	1 non-resident employee
>1 hectare	2 non-resident employees	

10. Only if the parcel is 0.4 hectares in area or more, the following applies: the home-based business use may involve the repair of motor vehicles, excluding the painting and bodywork of vehicles, and shall:
 - a. be limited to not more than one fully enclosed service bay with a total area not exceeding 25 m²; and
 - b. exclusive of the resident's own licensed vehicles, be permitted to park not more than one vehicle out of doors. No work on a vehicle is permitted while it is out of doors;
 - c. occur in a wholly enclosed building that is set back not less than 20 metres from any parcel line.
11. Automobile body shops, machine shops, welding shops, heavy equipment repair and similar uses are not permitted as home-based businesses.
12. No off-site parking associated with the home-based business use is permitted.
13. No more than one commercial vehicle with a gross vehicle weight of 5,000 kg or more shall be parked or stored outside of a building or structure.
14. Home-based business use must comply with all CVRD and senior government agency environmental protection regulations.

4.11 Daycare Regulations

For zones in which unlicensed daycare and group daycare are permitted uses, all of the following regulations apply:

1. A daycare providing care to more than three persons shall be licensed in accordance with the *Community Care and Assisted Living Act*;
2. No group daycare licensed for between 9 and 16 children shall be located on a parcel that is less than 2000 m² in area.
3. No group daycare licensed for between 17 and 24 children shall be located on a parcel that is less than 4000 m² in area.
4. A daycare use shall be clearly subservient and incidental to the use of the dwelling unit for residential purposes and to the residential use of the parcel upon which the dwelling is located;
5. There shall be no variation from a primarily residential appearance of the land and premises where the daycare is located;
6. The daycare use shall not produce excessive traffic, or create a nuisance of any kind;
7. The daycare use shall have no external display or advertisement other than a maximum of one non-illuminated sign, which shall not exceed 0.4 m² in area;
8. The daycare use shall only be conducted by a person who resides on the parcel.

9. No off-site parking associated with the daycare use is permitted.
10. Any daycare use must also comply with all senior government agency regulations.

4.12 Bed and Breakfast Regulations

For zones in which it is permitted, a bed and breakfast use shall:

- a. be completely contained within a single detached dwelling which is the principal use on the parcel;
- b. be conducted by a resident on the parcel, who may not employ more than one additional non-resident person on the parcel;
- c. not involve the use of more than four rooms per parcel at any one time, for overnight guest accommodation;
- d. where a renovation, an addition or new construction is required to allow the bed and breakfast use to occur, applications for building permits shall explicitly show which rooms in the dwelling will be used for bed and breakfast purposes.

4.13 Residential Use

1. No dwelling unit shall be used or occupied by more than one family, except as specifically permitted in this bylaw.
2. All rooms of a dwelling unit shall be accessible from within that dwelling unit.
3. Not more than one kitchen shall be contained within a dwelling unit.
4. The accommodation of up to three boarders or lodgers in a dwelling unit is permitted, but not in addition to any Bed and Breakfast use that may be occurring in the same dwelling.

4.14 Limited Agriculture Regulation

For zones within which limited agriculture is a permitted use, the following uses are prohibited:

- a. the growing of mushrooms within a building;
- b. the permanent confinement within a fully enclosed building or structure of livestock of any type.

4.15 Detached Suite

For zones within which it is a permitted use, a detached suite:

1. shall not be located on a parcel of land that has an attached suite or another detached suite on it;
2. shall be free standing or attached to a building that is accessory to residential use;
3. shall not exceed 85 m² in floor area;
4. shall be legally constructed and inspected in accordance with the *British Columbia Building Code* and the CVRD Building Bylaw, and have the approval of the authorities responsible for domestic waste disposal and domestic water supply;
5. shall have an additional off-street parking space in accordance with Section 7.1;
6. may be subdivided from the parcel upon which it is located only if:
 - a. it is in a zone which would allow for the proposed parcel sizes following subdivision;
 - b. the principal dwelling and detached suite are so located as to allow for setback requirements to be met following subdivision, with each being on a separate parcel following subdivision;
 - c. the approval of the Health Authority for sewage disposal has been obtained.

If the parcel upon which the detached suite would be located is in a zone which would not allow for subdivision, the owner shall, prior to the issuance of a building permit for the detached suite, register a covenant under Section 219 of the *Land Title Act* in favour of the CVRD against the title to the parcel which prohibits its subdivision or the registration of any form of strata plan under the *Strata Property Act*.

For parcels that meet the requirements of Subsections (6) a., b., and c., following the subdivision, the dwelling that was formerly considered to be the detached suite will no longer be subject to the regulations of Section 4.15 of this Zoning Bylaw.

7. shall not be located within 60 metres of the natural boundary of any tributary watercourse, or within 30 metres of the natural boundary of the Koksilah River;
8. is subject to Section 4.22 of this Bylaw;
9. . For a parcel that is not connected to a community sewer system, a report prepared by a Registered Onsite Wastewater Practitioner or a professional engineer with experience in wastewater systems approves the appropriate level of sewage treatment – Type 1, 2, or 3 – that would permit the requested total density on the parcel.

4.16 Attached Suite

For zones within which it is a permitted use, an attached suite:

1. shall be located within or attached to a principal residence;
2. shall not occupy more than 40% of the gross floor area of the residence;
3. shall be legally constructed and inspected in accordance with the *British Columbia Building Code* and the CVRD Building Bylaw, and have the approval of the authorities responsible for domestic waste disposal and domestic water supply;
4. shall not have a gross floor area in excess of 85 m²;
5. shall not be located on a parcel of land that has another attached suite or detached suite on it;
6. shall not be located on a parcel of land unless an owner resides on the same parcel;
7. shall have one additional off-street parking space;
8. shall not have, through subdivision or strata plan, a separate title distinct from the one for the parcel of land upon which the suite is located, and the owner shall, prior to the issuance of a building permit for the attached suite, register a covenant pursuant to Section 219 of the *Land Title Act* in favour of the CVRD against the title to the parcel which would prevent its subdivision or the registration of any form of strata plan under the *Strata Property Act*;
9. is subject to Section 4.22 of this Bylaw;
10. is not permitted if the parcel is not connected to a community sewer system, unless a report prepared by a Registered Onsite Wastewater Practitioner or a professional engineer with experience in wastewater systems certifies the appropriate level of sewage treatment – Type 1, 2, or 3 – that would permit the requested total density of residential development on the parcel.
11. shall not have, through subdivision or strata plan, a separate title distinct from the title of the single detached dwelling for the parcel of land upon which it is located, and the owner shall, prior to the issuance of a building permit, register a covenant pursuant to Section 219 of the *Land Title Act* in favour of the CVRD against the title to the parcel which would prevent the subdivision or the registration of any form of strata plan under the *Strata Property Act*.

4.17 Storage of Junk or Wrecks

1. Unless specifically permitted by this Bylaw, no parcel shall be used as a junkyard or for the external storage, collection or accumulation of all, or part, of any automobile wreck, derelict motor vehicle, or all or part of any motor vehicle that is not:
 - a. validly registered, licensed and insured in accordance with the *Motor Vehicle Act*; and
 - b. capable of operation under its own power.

2. Despite Sections 4.17.1.a and 4.17.1.b above, not more than one unlicensed but operational motor vehicle or one recreational vehicle is permitted to be parked out of doors, in compliance with all other regulations of this Bylaw.

4.18 Restaurant Regulation

Unless explicitly permitted in a zone under this Bylaw, no restaurant, coffee shop or cafeteria shall be equipped with a drive-through facility.

4.19 Mobile Homes and Manufactured Homes

In all zones where “single detached dwelling” is a permitted use, a manufactured home certified to the CSA A277 standard or mobile home certified to the CSA Z240 standard is considered to be a single detached dwelling.

4.20 Use of Tents, Trailers or Recreational Vehicles as a Residence

A tent, trailer, recreational vehicle, park model unit certified to the CSA Z241 standard, bus or other motor vehicle shall not be used as a residence, except in accordance with Section 4.6 of this Bylaw.

4.21 Recreational Vehicle Parking Regulation

Not more than one Recreational Vehicle (RV) or boat trailer shall be parked or stored on a parcel that is not explicitly zoned for that use, and where an RV or boat trailer is parked or stored in a Village Residential Zone, the RV or boat trailer shall be parked or stored not less than 4 metres back from the front parcel line.

4.22 Wells as Domestic Water for Parcels upon which Two or More Dwellings are Located

Where more than one unattached dwelling unit (not including an attached suite) is permitted on a parcel that is not within a community water service area, either:

- a. each dwelling unit shall have its own well for domestic water use; or
- b. if a shared well is used, the shared well must be approved pursuant to the *Drinking Water Protection Act* and the purveyor shall be certified as such under that statute.

4.23 Commercial Cannabis Regulations

1. Both standard and micro cannabis production and processing are a permitted farm use of all parcels in the Agricultural Land Reserve, to the extent permitted by the Agricultural Land Reserve Use Regulation, and standard and micro cannabis production and processing may not be conducted concurrently on the same parcel.
2. Both standard and micro cannabis production and processing shall only be permitted with all required federal and provincial licenses, permits, and approvals.
3. Cannabis - Standard Production and Processing are subject to the following regulations:
 - a. all buildings, greenhouses and other structures used for either purpose must be located not less than 30 metres from all parcel lines, watercourses and wells, and not less than 100 meters from the foundation of any residential building not within the Agricultural Land Reserve;
 - b. all parcels used for either purpose shall be located not less than 150 metres from any parcel line of a park zone, a parcel with a school or childcare facility,

- and any park, and not less than 100 metres from all parcel lines of the following zones: comprehensive development, institutional, mixed-use or residential zone;
- c. on Industrial-zoned parcels, all production activities must occur within an enclosed structure and no outdoor cultivation, production or storage is permitted; and,
 - d. the total gross floor area of all buildings used for the production of cannabis must not exceed 500 m², and the combined gross floor area for all buildings and structures used for cannabis processing on any parcel must not exceed 1,000 m².
4. Cannabis – Micro Production and Processing are subject to the following regulations:
- a. all buildings, greenhouses and other structures used for either purpose must be located not less than 15 metres from all parcel lines, 30 meters from watercourses and wells, and not less than 75 meters from the foundation of any residential building not within the Agricultural Land Reserve;
 - b. all parcels used for either purpose shall be located not less than 150 metres from any parcel line of a park zone, a parcel with a school or childcare facility, and any park, and not less than 75 metres from all parcel lines of the following zones: comprehensive development, institutional, mixed-use or residential zone;
 - c. on Industrial-zoned parcels, all production activities must occur within an enclosed structure and no outdoor cultivation, production or storage is permitted; and,
 - d. the combined gross floor area for all buildings and structures used for cannabis production and processing on any parcel must not exceed 400m².
5. Farm gate sales of cannabis produced on the parcel where the farm gate sales are occurring is a permitted farm use of all parcels in the Agricultural Land Reserve, subject to provincial retail sales licensing requirements.

4.24 Swimming Pool Fencing Required

Swimming pools shall be enclosed in a structure or be surrounded by a fence not less than 1.5 metres and not more than 1.8 metres in height, designed to prevent climbing, and where equipped with gates, the gate shall be operated by hinges and a lock and shall be able to be opened freely from the inside only.

5.1 Sight Triangle

No person being the owner, occupier or lessee of any land located at the intersection of any two streets, shall place or permit to be placed, construct or grow any tree, plant, shrub, fence or other structure greater than 1 metre in height within a sight triangle bounded by the intersecting parcel lines at a street corner and a line joining points along said parcel lines 6 metres from their point of intersection. For greater certainty, a diagram shown as part of this section and labeled "Figure A" depicts the area described in this section.

5.2 Fencing and Screening

Except as otherwise specifically stated in this Bylaw,

1. The height of a fence or wall shall be measured to the highest point from, and perpendicular to, a line representing the average natural grade level of the fence at its base.
2. For residential zones and comprehensive development zones that permit residential use – with the exception of the CD-1 Zone (Arbutus Ridge) – a fence, where permitted within a front yard, shall not exceed a height of 1.2 metres, and fences on all other parts of a parcel shall not exceed a height of 2.0 metres.
3. For agricultural, commercial, institutional and industrial zones, the maximum fence height is 2.5 metres.
4. Notwithstanding the provisions of Section 5.2.3, fences used in association with recreational uses, such as playing fields, playgrounds, golf courses and other similar sports, public utility uses and industrial storage areas shall not exceed a height of fifteen (15) metres, provided such fences are constructed of material that permits virtually unobstructed visibility, such as wire mesh.
5. Subject to Section 5.1, fences may be constructed on any portion of a parcel, including within a required setback area, except for closed fences and landscape screens, which shall be less than 2 metres in height when sited in a required setback area from a parcel line adjoining a residential use.

6. The use of barbed wire for fencing within a residential, institutional and commercial zone is prohibited, except along a parcel boundary that is within or adjoins land in the ALR.
7. The use of barbed wire for fencing is permitted in zones within which agriculture is listed as a principal permitted use.

5.3 Setback Exceptions

1. Except as otherwise provided in particular zones, the setback requirements of this Bylaw do not apply to:
 - a. A pump house;
 - b. Bay windows; chimneys; exterior building finishes; heating, ventilation and air conditioning equipment, sills; sunlight control projections including sunshades; unenclosed stairwells, if the projections do not exceed 1 m measured horizontally into the setback area and are not within 1 metre of a parcel boundary;
 - c. Eaves, canopies, cornices, gutters, sunshades, and unenclosed stairwells and above-ground stairways if the projections, measured horizontally, do not exceed:
 - i. 2 m in the case of a setback from a rear parcel line;
 - ii. 1 m in the case of a setback from a front or side parcel line;
 - d. Signs;
 - e. Open fences; and
 - f. Closed fences and landscape screens that are less than 2 metres in height.
2. Notwithstanding any other provision of this Bylaw, the consent of the Ministry of Transportation and Infrastructure is required to place any building or structure closer than 4.5 m to a property line adjacent to a highway.
3. Features not specifically mentioned in Section 5.3.1 shall not project into a required setback area.

5.4 Setbacks from a Watercourse – Flood Protection and Environmental Protection

1. Notwithstanding any other provision of this Bylaw, and except where a larger setback may be specified in an Assessment Report prepared under the *Riparian Areas Regulation*, no building or structure shall be located:
 - a. within 30 metres of the natural boundary of the Koksilah River;
 - b. within 15 metres of the natural boundary of any watercourse, lake or the sea;

And further, all buildings and structures shall be elevated at least:

- a. 3 metres above the natural boundary of the Koksilah River;
- b. 1.5 metres above the natural boundary of any watercourse, lake or the sea.

5.5 Natural Hazard Management Requirements

In addition to compliance with Section 5.4 above, all buildings and structures shall conform to a Floodplain Management Bylaw, if one is in effect, and any potential natural hazards that the Building Official believes may be present shall be dealt with in accordance with Section 56 of the *Community Charter*.

PART SIX: GENERAL REGULATIONS RESPECTING THE SUBDIVISION OF LAND

6.1 Subdivision of Parcels within Two or More Zones

Where any parcel in the area subject to this Bylaw is partially in two or more zones, each portion that lies within a single zone may be subdivided in accordance with that zone's regulations, notwithstanding the land area remaining on the other portion, following subdivision.

6.2 Subdivision of Parcels Containing a Water Body, Watercourse or Wetland

Where a parcel contains all or part of a natural water body, watercourse or wetland, the area of the natural water body, watercourse or wetland shall not be included in the area of the parcel for the purposes of calculating the permitted number of parcels. The area of the natural water body, watercourse or wetland shall be determined by a BC Land Surveyor, where the water feature is not subject to the *Riparian Areas Regulation* and a Qualified Environmental Professional where the water feature is subject to the *Riparian Areas Regulation*.

6.3 Subdivision of Panhandle Parcels

Where a parcel or a proposed parcel is in a panhandle configuration, the access strip (or panhandle) shall not be calculated as part of the parcel area for the purpose of subdivision.

6.4 Subdivision Using Density Averaging

Unless explicitly permitted in a zone under this Bylaw, density averaging for non-strata parcels is not permitted. Provincial regulations address density averaging in strata development.

6.5 Subdivision Following Dedication for Public Use

A parcel which is reduced in size by not more than ten (10) percent as a result of a dedication for a public use by:

- a.the regional district;
- b.a municipality;
- c.the provincial government;
- d.the federal government;
- e.an improvement district;
- f.the board of school trustees; or
- g.a public utility,

by donation, expropriation or purchase, shall be deemed, for the purpose of further subdivision under this Bylaw, to be of the same size as it was prior to the dedication for public use. If this deemed size would permit further subdivision, then such subdivision may occur pursuant to the general regulations of this Bylaw and the regulations of the zone within which the parcel is located.

6.6 Subdivision using Section 946 of the *Local Government Act*

The minimum size for a parcel outside of the Agricultural Land Reserve that may be subdivided under Section 946 of the *Local Government Act* throughout Electoral Area A – Mill Bay/Malahat and Electoral Area C – Cobble Hill is 25 hectares, or the minimum parcel size of the zone within which the parcel of land is located, whichever is larger.

6.7 Subdivision where Additional Parkland is Accepted by CVRD

Where an owner of land being subdivided under the *Strata Property Act* or the *Land Title Act* dedicates as parkland in fee simple title to the CVRD an amount greater than 5% of the land being subdivided, the area of dedicated parkland that is greater than 5%, but not more than 50%, may, for the purposes of calculating minimum parcels sizes under this Bylaw, be included in the total area of parcels being created in the subdivision, and the dedicated parkland is deemed not to be a parcel or lot. This regulation is subject to all of the following conditions:

- a. parcel yield shall not be increased over what would be available were no additional parkland being proposed;
- b. the parcels being created shall be of sufficient area to accommodate the area required for a sewage disposal field and well if it is in an unserviced area, and a sufficient building envelope must exist in the absence of any variances to setback requirements in the zones within which the parcels are located;
- c. the parkland proposed must be in a location and condition that is acceptable to the CVRD.

6.8 Subdivision of Parcels Severed by Roads or another Parcel

Notwithstanding the minimum parcel size provisions of each zone, where a portion of a parcel is physically separated from the remainder of the parcel by a public road or another parcel, which separation was in existence as of the date of adoption of this Bylaw, the physically separated portion may be subdivided from the remainder of the parcel provided that:

- a. the public road or other parcel is used as the subdivision boundary;
- b. if the parcel lies in the Agricultural Land Reserve, the approval of the Agricultural Land Commission has firstly been obtained; and
- c. no parcel created pursuant to this Section shall be less than one hectare in area where there is no community water service connection, and 2000 m² in area where community water service connections are made to each parcel.

6.8.1 Notwithstanding Section 6.8, land legally described as Lot 5, District Lots 138 and 149, Malahat District, Plan 2001, Except Part in Plan 41398 (PID: 000-560-251) which is severed by Okotoks Drive, and which severance was registered subsequent to the date of adoption of this Bylaw, may be subdivided using Okotoks Drive as the subdivision boundary provided that no parcel created pursuant to this section shall be less than one hectare in area where there is no community water service connection, and 2000 m² in area where community water service connections are made to each parcel.

6.9 Subdivision of Parcels Severed by a Jurisdictional Boundary Line

Notwithstanding the minimum parcel size provisions of each zone, where a portion of a parcel is separated from the remainder by a jurisdictional boundary line, the parcel may be subdivided along the jurisdictional boundary line, provided that:

- a. the jurisdictional boundary is used as the subdivision boundary;
- b. no parcel created pursuant to this Section 6.9 shall be less than one hectare in area where connection to a community water system is not available and 2000 m² in area where community water system connections are made to each parcel; and
- c. if the parcel lies in the Agricultural Land Reserve, the approval of the Agricultural Land Commission has firstly been obtained.

6.10 Subdivision of Parcels for Public Parks or Public Utility Uses

The minimum parcel size provisions as prescribed in each zone shall not apply where the parcel being created is to be used solely for the unattended equipment necessary for the operation of:

- a. a bus shelter, railway station, public transit station;
- b. a community water system;
- c. a community sewer system;
- d. a community gas distribution system;
- e. a community radio or television broadcasting antenna;
- f. a radio or television relay broadcasting antenna;
- g. a telecommunication relay station;
- h. an automatic telephone exchange, excluding mobile telephone towers;
- i. an air or marine navigation aid;
- j. a public park;
- m. a rest stop for a Provincial or National highway.

6.11 Parcel Realignment and Amalgamations

Existing parcels may be consolidated and re-subdivided into new parcels, provided that:

- a. the subject parcels are adjoining;
- b. no additional parcels are created;
- c. where the proposed parcels are under 1 ha in area, the boundary change does not result in the reduction of any parcel by 20% or more of its original size;
- d. the requirements of this Bylaw respecting siting of buildings and structures are complied with.

6.12 Parcel Consolidations and Addition of Roads

The minimum parcel area requirements do not apply to the consolidation of existing parcels or the consolidation of a closed highway with an adjoining parcel.

6.13 Undersized Parcels

Parcels that do not meet the minimum parcel size provisions of this Bylaw that:

- a. exist as separate and titled parcels in the records of the Land Title Office, at the time of adoption of this Bylaw; or
- b. have been created pursuant to the provisions of this Bylaw; or
- c. have been created under the authority of a statute of the Province of BC;

may be occupied for the uses permitted in the zone in which they are located, subject to all other regulations of this and any other applicable bylaw, regulation or statute.

6.14 Strata Conversion of Residences in Electoral Area A

Notwithstanding the minimum parcel size requirements of the zones within this Bylaw that apply to Electoral Area A (Mill Bay/Malahat), parcels upon which there are located two or more legally-constructed dwelling units built prior to October 27, 1999 are deemed to be in conformity with the provisions of this Bylaw and may be reconstructed, maintained, and altered in accordance with the provisions of the zone within which they are located and the general provisions in Parts Four through Seven of this Bylaw. The conversion to strata of such buildings may be approved, subject to all lands remaining common property of the strata corporation.

7.2 Calculation Resulting in a Fraction

Where the calculation of the required off-street parking space results in a whole number plus a fraction, the number of required parking spaces shall be rounded up to the next whole number.

7.3 Seating Accommodation Requirements

Where seating accommodation is the basis for a unit of measurement under this Section and consists of benches, pews, booths or similar seating accommodation, each 0.7 m² of seating area shall be deemed to be one seat.

7.4 Parcels With More Than One Use

Where a building or parcel contains more than one function or use, the required number of parking spaces shall be the sum of the requirements for each function or use.

7.5 Location of Off-street Parking Spaces

Required parking spaces for all uses shall be located on the same parcel as the building or use.

7.6 Dimensions of Parking Spaces

The minimum required dimensions for parking spaces under this Bylaw are set out as follows in the table below:

Minimum Parking Space Dimensions	Width	Length
Angle Parking Spaces	2.8 metres	5.8 metres
Parallel Parking Spaces	2.6 metres	7.0 metres

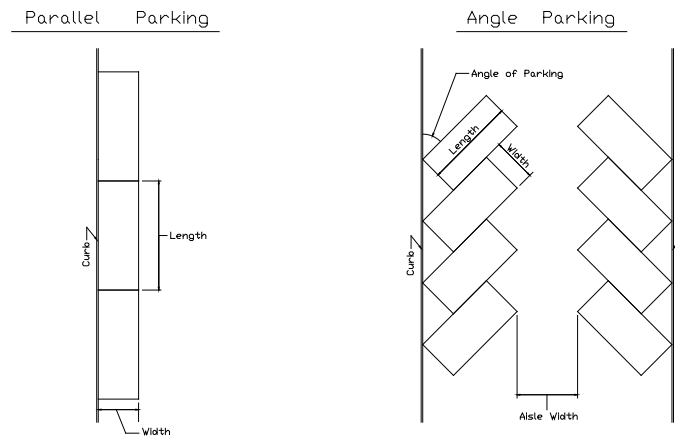

However, with respect to a parking area containing more than 100 parking spaces, up to 20 percent of the total required number of parking spaces may be reduced to 4.6 metres in length provided that each parking space is identified by the words “small car only” on the pavement in the space itself or on a wall facing it.

7.7 Dimensions of Aisle Space

The minimum required dimensions for aisle space under this Bylaw is set out as follows (refer to diagrams below for interpretation):

ANGLE OF PARKING	MINIMUM WIDTH OF AISLE
0°	3.7 metres
30°	3.4 metres
45°	3.9 metres
60°	5.5 metres
90°	7.3 metres

Parking Diagram

7.8 Access to Parking Spaces

Except in the case of a single detached or duplex residential building, no parking space shall gain direct access to a highway.

7.9 Street Access or Egress from Parking Areas

Street access or egress shall be not less than 15 metres from the nearest point of intersection of two highways.

7.10 Surfacing of Parking Areas

Parking areas shall be dust-free and the use of pervious surfaces such as grasscrete, is encouraged for all outdoor parking areas.

7.11 Provision of Oil/Water Separator

Parking areas paved with an impervious material shall include one or more oil-water separators, and it shall be the responsibility of the landowner to properly maintain the oil-water separators in good working order, regularly removing oils for proper disposal.

7.12 Parking for Persons with a Disability

- a. For any use required to be accessible to persons with a disability by the BC Building Code, a minimum of one parking space for a person with a disability shall be provided.
- b. Where 25 or more parking spaces are required by this Bylaw, the greater of one parking space the number of parking spaces equal to 1 percent of all spaces required shall be accessible to persons with a disability.
- c. All parking spaces for persons with a disability shall be:
 - i. A minimum of 3.7 metres in width and 5.8 metres in length;
 - ii. Surfaced with concrete or asphalt to provide ease of access for wheelchairs;
 - iii. Located in the most accessible and convenient location available within the parking areas; and
 - iv. Marked or otherwise designated for sole use by persons with a disability.

7.13 Extending or Expanding an Existing Use

The parking requirements established in Section 7.1 do not apply to a building or use existing prior to the adoption date of this Bylaw, provided that there is no change, expansion or addition to the building or use that requires more parking spaces than were required for the building or use existing when this Bylaw was adopted. However, if there is an expansion or addition to an existing use or building, then the provisions of Section 7.1 apply to such expansion or addition.

7.14 Cash in Lieu of Parking

As an alternative to meeting the parking standards of this Bylaw, or for a change to an existing use or additional building that would require more parking, at the option of the owner or occupier of the land, a cash payment may be made to the CVRD in lieu of the required number of parking spaces, in accordance with the table under a), and subject to the conditions under b):

a. Table of fees:

Use	Cash amount per space
Commercial	\$4000
Office	\$4000
Restaurant, Pub	\$3500
Residential	\$3500
All other uses	\$3000

b. Conditions for cash in lieu of parking spaces:

- i. The cash in lieu option is only available for parcels of land within zones with “Village” in the title of the zone and also within the RM-2 and RM-3 Zones;
- ii. Not more than 50% of the additional parking spaces required may be replaced with a cash in lieu payment for a commercial zone, and not more than 33% of the parking required for a multiple family residential use may be replaced with a cash in lieu payment;
- iii. The cash in lieu of parking payments collected will be placed into a reserve fund for transportation infrastructure that supports walking, bicycling, public transit or other alternative forms of transportation, and will be spent within the Electoral Area within which it was collected.

7.15 Bicycle Parking

All commercial developments requiring at least 5 parking spaces shall have a bicycle rack capable of accommodating at least 4 bicycles.

7.16 Minimum Off-Street Loading Requirements

Minimum off-street loading spaces and facilities shall be provided in accordance with the following table. Where the proposed use is not identified in the table below, the most comparable use from the table shall be used as the applicable standard:

USE	LOADING REQUIREMENT
Automobile, marine and equipment related industries, such as service stations, marine sales and service, building supply stores, automobile wreckers, recycling depots, warehousing, manufacturing and equipment sales and rentals.	1 space for uses with less than 700 m ² gross floor area, plus 1 space for each additional 700 m ² to a maximum of 4 spaces

Convenience stores	1 space
Financial institutions, offices and personal service use	1 space per 2700 m ² of gross floor area
Indoor recreational uses	1 space per 2700 m ² of gross floor area
Institutional uses, including civic uses, hospitals	1 space per 2700 m ² of gross floor area
Outdoor recreational uses	1 passenger loading space
Personal care facility	1 space
Residential facility	1 space, or 0 spaces if shared with personal care facility loading space
Retail Stores, nurseries	1 space for uses occupying less than 700 m ² of gross floor area, plus one space for each additional 500 m ² of gross floor area
Schools, colleges	1 passenger loading space per 3000 m ² of gross floor area
Shopping centres	1 space per 100 m ² of gross floor area
Theatre	1 passenger loading space plus 1 loading space
Transportation facilities	1 passenger loading space

7.17 Required Loading Spaces in Specified Zones

In addition to the requirements of Section 7.16, a minimum of one off-street loading space shall be provided on each parcel in a Commercial, Industrial or Institutional Zone.

7.18 Calculation Resulting in a Fraction

Where the calculation of the required off-street loading space results in a number that is a whole number plus a fraction, the number of spaces required shall be rounded up to the next whole number.

7.19 Location of Off-street Loading Spaces

Required loading spaces for all uses shall be located on the same parcel as the building or use.

7.20 Access to Loading Spaces

Each off-street loading space shall have at all times access to an aisle that intersects with a highway. No loading space shall gain direct access to a highway.

7.21 Dimensions of Loading Spaces

Each off-street loading space involving the receipt and delivery of goods or materials by vehicles shall be not less than 3 metres wide, 9 metres long and have a clear height of not less than 4 metres.

7.22 Loading Spaces Additional to Off-street Parking

Off-street loading spaces shall not be credited against the requirements for off-street parking.

7.23 Parcels With More Than One Use

When a building or parcel contains more than one function or use, the required number of loading spaces is the sum of the requirements for each function or use.

7.24 Extending or Expanding an Existing Use

The loading requirements established in Section 7.16 do not apply to a building or use existing prior to the adoption date of this Bylaw. However, if there is an expansion or addition to an existing use or building, then the provisions of Section 7.16 apply to such expansion or addition.
