CVRD welcomes Kate Segall as Chair of the Board of Directors for another year

DUNCAN, BC – The Cowichan Valley Regional District (CVRD) Board of Directors has re-elected Kate Segall as the Chair and Tim McGonigle has been acclaimed as Vice-Chair of the CVRD Board.

At the Board meeting of November 12, 2025, the election of Chair and Vice-Chair took place, with the re-election of Chair Segall and Vice-Chair McGonigle being acclaimed and returning to their roles. Chair Segall has served as the Director for Area A – Mill Bay/Malahat on the CVRD Board since being elected in 2022 and has held the position of Chair since 2024.

"I'm honoured to continue serving as Board Chair and remain deeply committed to collaboration and transparency as we work together to make decisions that reflect the needs and aspirations of our communities," said Segall. "I truly appreciate the confidence and support of my fellow Board members, and I look forward to building on the progress we've made to strengthen the future of the Cowichan region."

Vice-Chair McGonigle served on the CVRD Board as a Director between 2009 and 2014, and again since being re-elected as a Town of Lake Cowichan councillor in 2019. McGonigle, who was elected as Mayor of the Town of Lake Cowichan in 2022, is returning as the Vice-Chair of the CVRD Board after being acclaimed.

"I'm grateful for the opportunity to continue serving as Vice-Chair and appreciate the confidence my colleagues have placed in me," said McGonigle. "In the year ahead, I look forward to supporting the Chair and working collaboratively with all Directors. As one of the more experienced members of the Board, I believe it's important to share knowledge and provide guidance so we can continue to deliver exceptional services to the communities we represent."

Working on behalf of the communities we serve and with local government partners, the CVRD Board continues to collaborate on shared strategic priorities, to ensure that regional services are delivered efficiently, fairly and in support of a thriving region.
