Thumbs Up!

To the Kinsol Trestle, the historic rail bridge over the Koksilah River, which might be preserved after all. It will cost \$5.5 million to save the structure, which is the highest and largest surviving timber trestle in Canada. Organizers are just \$2 million away from their goal and have launched a fundraising campaign to take them over the top.

For more information, see [www.kinsol.ca](http://www.kinsol.ca).
